

## Our Team

**Amber Flett** is an Archaeologist and Cultural Resource Specialist who has over twelve years' experience working in urban, rural, northern and remote settings in Manitoba and Northwest Ontario. Amber's projects include working on hydroelectric generating stations, construction sites, and fibre-optic monitoring. She also has been involved with various aspects of Indigenous Knowledge workshops.

**Ashley Daciuk** is an Archaeologist with over five years' experience in Pre-European Contact, Fur Trade, osteological and Manitoba military archaeology. Ashley has experience leading and conducting archaeological field investigations in remote, urban and rural areas in Manitoba.

**Daniel Szot** is an Archaeologist with over seven years' experience in archaeological survey and excavation in Manitoba, Ontario, and British Columbia. Daniel is also proficient in Arc GIS and has been experimenting with incorporating drone technology into archaeological research.

**Roberta Connon** is a Principal and Consultant at InterGroup with the responsibility of managing the heritage team. Roberta divides her time between consulting and acting as the General Manager of the company. She holds a Master's degree in Business Administration from the University of Manitoba.

InterGroup Consultants is a multidisciplinary firm with over 40 years experience providing socio-economic consulting services across western and northern Canada.

# If it's worth preserving, we'll help you do it right.

## Archaeology, Heritage and Cultural Assessment Services

As one of Canada's leading cultural heritage resource consultants, InterGroup partners with resource developers and communities to ensure the proper management and preservation of cultural resources in their care. Our team of professional archaeologists and anthropologists have extensive experience working on preservation projects in Manitoba, Northwest Ontario and Saskatchewan, with special expertise on projects relating to Aboriginal culture and heritage. Most importantly, we employ internationally recognized best practices throughout the site development and preservation process, helping make sure our clients are in full compliance with all government regulations and guidelines. If it has to be done right, insist on InterGroup.
